With the City, County and School Board all contemplating large construction programs in the years ahead, I have decided to defer any action which would threaten to drive interest rates up on the costs of borrowing money essential for community improvements.

Having dismissed these alternatives, we began piecing together the balance of the financing program. These proposals now include:

—A County grant on behalf of the Port Authority to meet its obligation of track removal in the improvement of City streets, \$1,000,000. The County Commissioners cooperated by accelerating action on this agreement, and also increased its grant to Carnegie Library by \$225,000.

—The sale of \$2,000,000 in general obligation bonds to cover the anticipated real estate exonerations by the courts in 1969.

—A 10 percent increase in water rates, which will produce an estimated \$700,000.

—An additional \$500,000 grant from the Parking Authority from meter revenues to be accrued in early 1969. This is in addition to the \$750,000 in 1968 meter revenues.

—Temporary grants of \$950,000 from working capital of the Urban Redevelopment Authority and Parking Authority committed for late 1969-70 projects but not yet under contract. If these funds are not needed, they will not be drawn down. If they are, the City will be obligated to restore them in 1970.

—Finally, to provide an estimated \$2,250,000 in revenues, the enactment of a six-mill Institution and Service Privilege Tax. This tax will be levied on gross receipts of all institutions; including tax-exempt agencies, which have traditionally enjoyed the services of the City but have contributed little in tax revenues to support this community.

This then, is the City's budget picture for 1969:

| | |
|--|--------------|
| 1968 Cash Surplus..... | \$ 1,290,000 |
| 1969 Revenues | \$84,910,230 |
| <hr/> | |
| TOTAL FUNDS AVAILABLE..... | \$86,200,230 |
| <hr/> | |
| 1969 Departmental Expenditures (including wage adjustment)..... | \$86,183,267 |
| <hr/> | |
| NET SURPLUS | \$ 16,963 |

Water services next year will require \$7,810,383. The final 1969 appropriation, including the Water Department, therefore, would be \$93,993,650, an increase of \$13,840,725 above the 1968 figure.

This budget clearly illustrates that there is a price for peace and a price for progress. And both come high these days.

Here is a community that has been averaging an increase in City government expenditures of \$2.2 million a year for the last twenty years—and in one year is left to its own devices to absorb an increase of \$13.8 million.

The price for peace includes the \$1.4 million in emergency appropriations made last year to the Bureaus of Police and Fire; the \$4.8 million in police and fire arbitration awards and associated costs; the \$1.5 million set aside for additional police for non-salary benefits, for equipment and equipment maintenance. The total is approximately \$7,700,000.

The price of progress is in the millions being spent and in our determination to move ahead with our rebuilding programs, office and industrial development projects, our low and moderate income housing programs, the City's expanded efforts aimed at job training and employment of youth, and in improved throughfares and greater recreational and cultural opportunities for citizens of all ages.

Fortunately, a fraction of these costs are reflected in our General Fund budget. They are met in the City's capital improvement budget, its industrial and residential land reserve funds, and with State and Federal grants.

But insofar as the operating budget is concerned, the rubber band has been stretched as far as it will go. We can't continue to balance our budgets with stop-gap measures, committing ourselves to repayments and enacting taxes which are admittedly difficult to define and to administer and which, in the end, may thwart the objectives of sound community growth.

We tried to make that point clear to the State Legislature this fall. But we were rebuffed.

We tried to explain that a community such as Pittsburgh is in trouble when it exhausts its land supply and experiences a depletion of its middle-income population—both of which are essential to the growth of governmental income.

We tried to point out that it is totally inequitable to expect an area of 55 square miles to support an area of 730 square miles—serving as the conduit and terminal for employment, health, education, entertainment, culture, traffic and sewage—unless a broader base is furnished for governmental income to meet these matters of regional importance.

I thought I made it abundantly clear why we initially opposed the State Arbitration Act—not because we begrudge the police and firemen a good, living wage commensurate with the great risks that these men face in times of strife and turmoil.

We sensed the Legislature's posture in the future. Our suspicions materialized. The Legislature was quick a year ago to provide a blank check for outsiders to resolve our wage negotiations. Several weeks ago, the key Republican leaders were just as quick in running away from the costs they helped to thrust on this community in the first place.

I am told that this method of operation is becoming a tradition in Harrisburg these days. I have learned, for example, that the State-mandated costs forced upon Allegheny County for community colleges, transit, health, child welfare and mental health and retardation programs will jump the County budget by \$11 million in 1969 alone.

The logic and importance of State financial assistance, coterminous with State enacted programs, was made clear by Theodore Kheel, the arbitrator on the police wage panel. He said:

"It is obvious that the State Legislature, which passed the Arbitration Act last year pursuant to the Constitutional change voted by the people, has an obligation to empower the City to effectuate the award.

"If it fails to do so, it will frustrate the purpose of a law it passed designed to provide for orderly and equitable ad-

justment of wage and other financial claims by police and firemen without resort to any form of job action.

"It is imperative for the State Legislature to provide the City of Pittsburgh with the resources it requests so that this award can be financed without reducing essential City services and also to make it possible to grant other municipal employees the salary and wage adjustments which they may be entitled to receive."

We believe that Mr. Kheel established a rationale for a Public Safety Tax, or some other comparable revenue producing measure.

But more than that, events have proved we have every right to return to the General Assembly after the first of the year to seek home-rule legislation to enable us to govern ourselves, to monitor our own costs, to enjoy the same kind of broad taxing powers employed by one major city after another—Philadelphia, Detroit, New York and San Francisco to mention a few.

As I stated in last year's budget message, we have reached the point when the City's financial structure, its relationship with its neighbors, its obligations and its necessities must be considered as a responsibility shared by the region and certainly by the County, State and Federal governments.

So we will return to Harrisburg. And in this major legislative effort, I hope to elicit the support of every business concern, every institution, every fraternal, civic and labor group who may have cause to question our fragmented tax structure.

If we obtain relief from the Legislature, I am certain we can review and revise our present and proposed tax structure.

In the days ahead, as Council carefully reviews this budget, I trust that any alterations upward will be accompanied by additional funds. I know I can count on City Council, as a body, to take the courageous and sound actions required when Pittsburgh's welfare is at stake.

This is the price we pay—and will

continue to pay for peace and progress in this great City.

Very truly yours,

JOSEPH M. BARR
Mayor

- b. \$70,000, to Bureau of Police to purchase two helicopters for daily air patrol of City by police pilots.
- c. \$60,000, to police for purchase of additional Walkie-Talkie radios used in foot patrol.

Despite a \$13 million imbalance between proposed expenditures and current revenues, the 1969 budget has been balanced without:

1. No increase in the real estate levy which applies to every Pittsburgh homeowner.
2. Without resorting to refunding or any other form of deficit financing which could have seriously jeopardized the fiscal rating of this entire region.

To balance the General Fund budget the following revenue-raising proposals are presented with projected estimates:

- a. Business Privilege Tax (six mills). \$4.8 million.
- b. Ten per cent increase in water charges. \$700,000.

Mr. Baskin:

Mr. President, I wonder if I might have the permission of the Chair to speak on the budget now, which has been passed. I think there is no question that as the Mayor said in his budget message, this was the most difficult budget with which City Council has had to wrestle. We have had to increase our appropriations approximately \$14 million over last year's budget and yet, what is

so significant about the budget as adopted is that despite this very great increase, brought about chiefly by matters outside our own control, the home owner in the City of Pittsburgh and most of the people working in the City of Pittsburgh and who are residents of the City, will find practically no tax increase on them as a result, outside of a very minimum increase in water rates which are still lower than water rates of many competing companies outside the City of Pittsburgh. No additional burden will be placed on the home owner in this City as a result of this budget, nor will the worker in this City be burdened with any more taxes. I think that is a remarkable achievement.

Furthermore, the tax status and the credit status of the City of Pittsburgh will not be impaired despite the strain of these increases. Now, how have we done this? We have achieved this result, in part, by seeking to impose charges on people who use the services of the City but who live outside the City rather than continue to heap the burden upon the City resident for the benefit of others who use the services of the City.

I'd like also, very briefly, to note the only objections we have had to the Business Privilege tax and the Institution and Service tax, come not from the residents of this City, whom we represent and whose welfare we are concerned with, but solely from the institutions themselves who have, and I don't think I am being unkind in saying this, been freeloaders for so many years so far as the people of this City are concerned. There were, in recent weeks, the university group, hospital association group, and I think a spokesman for the County medical group, who voiced objections to the Business Privilege tax and the Institution and Service tax and I would like to answer those, one-by-one.

If you take the university group and listen to the protest of Doctor Eddy, Chancellor Posvar, and others, all of whom I respect as being highly efficient in their respective field, we note that inevitably, if we listen to them, the results must be a heavier tax on the real estate in this City which means a heavier tax on our home owners and low-income and middle-income workers in this City.

It should be pointed out, the real estate tax increase would not affect these universities or their spokesmen individually. After all, the Chancellor of the University of Pittsburgh, as well as the heads of other universities, live in tax-free homes. A tax increase in real estate has no effect on them but it does on the people who work and live in this City as it does on every member of Council and on the Mayor of this City. It is very easy for people who do not have to pay a tax to say that is where the tax should be imposed.

Secondly, so far as the universities are concerned, it was brought out before, the tax being imposed is so slight that it cannot possibly affect the enrollments of the universities. If the President and members of Council will recall, the hearing at which Dr. Eddy appeared, it was brought out that a student pays \$3,100 a year at Chatham for tuition and board. That student could fly in, fly back, pay \$3,100, and yet there are objections to that student paying to the City of Pittsburgh the small sum of \$18, preferring to impose the tax that might run \$40 or \$50 or \$60 on people in the City of Pittsburgh earning \$4 and \$5 and \$6 thousand. That is what this battle has been all about.

Then we come to hospitals which I think fall in almost the same category. The hospital people have attempted to call this tax a "sick tax." Yet, when the doctor charges his patients, he doesn't call it a "sick payment," and when hospitals charge their patients for everything the patient receives, they don't call it "sick payments." Let me point out one small way in which hospitals are so inconsistent in what they say to us. They will take a patient in the hospital who wants a television set and charge that patient a sum of \$2.50 a day for that television set. That cost is not covered by Blue Cross. The patient, no matter what his means, pays that to the hospital and yet that very hospital says they do not want to pay us the \$2 or \$3 that our tax would call for on that same patient and I might point out, in most cases, the tax would be absorbed by Blue Cross coverage. For the hospitals to say they are willing to pay their doctors and administrators and all their suppliers and yet object to paying the very City which makes it possible for

them to exist is, I think, highly inconsistent and fails to recognize the fact that without a healthy City of Pittsburgh, none of these institutions would be able to exist.

As for the County Medical Association, I might point out that they show a disregard for their obligations to the City of Pittsburgh. For example, doctors who live outside the City and earn their living in the City from sick people and make upward of \$30 to \$100 thousand a year, let's see what it is they have to pay. Let's take the doctor who makes \$30 thousand, or the one making \$50 thousand and lives outside the City. His tax would call for \$300 but he also gets a deduction from that tax on his Federal income tax returns and in that bracket, the end result of his payment to the City would be approximately \$150. Yet, the head of the County Medical Society says this man, who makes \$50 thousand, should not pay \$150 but instead, take the man in the City of Pittsburgh who earns \$6 and \$7 and \$8 thousand a year and have him pay anywhere from \$50 to \$100 in increased real estate taxes, which would be the result if we did not have the Business Privilege tax and Institution tax.

I think it is time all of us in the City and outside the City recognize we are interrelated and services which are provided on City property inure to the benefit of all of the people in our County and outside the County but that the low and middle-income persons who makes up the majority of our residents can no longer afford to pay the entire burden for these services.

I think on all grounds of justice and equity and economic morality, these two taxes are far to be preferred over an increase in real estate tax.

There is one other matter I think should be noted and that is the reason for our predicament. We have had it said by some that there is fat in our budget; that we do not know how to manage our affairs, and there have been a series of carp and criticisms directed at us by some of our republican friends in the City and yet, the overriding factor which has caused our difficulty has been the legislative restrictions under which we operate. The Legislature, in

effect, has its foot on the throats of this City and the pressure becomes increasingly greater with each year and unless that pressure is relieved, this City will be throttled. As I have said before, the financial crisis which we have been able to overcome this year will be nothing compared to what we will face in the year 1970 and thereafter.

I think all of the people in this City who have been telling us what we already know, that we have a hodgepodge of taxes, ought to direct their fire at the source for this hodgepodge of taxes which is the State Legislature and to convincing the republican leadership in the State Legislature that it is time for the City of Pittsburgh to run its own fiscal affairs and run this operation as the duly elected representatives of the City of Pittsburgh decide to run it and not as the Legislators from all over the state deem fit that it be run.

So, in conclusion, I want to thank the President of Council and members of Council for their support in the past months. It has been a long and arduous task this year. I think, myself, that Council has done a remarkable job, with the cooperation of the Mayor, and I, personally, want to thank them for their help at this time.

Mr. Kuhn:

Mr. President, Mr. Baskin has spoken so well and made the point so effectively, I hesitate to say anything except to perhaps put a different emphasis on the Institution and Service tax. I know what Councilman Baskin said. All of us have been concerned at the accelerating exemptions of real estate in Pittsburgh from taxes. This tax exempt status of more and more institutions, determined by the Legislature, totals a very substantial municipal subsidy to the institutions effected—that is, hospitals, churches, and schools—and this subsidy comes out of the pockets of the poorly paid citizens who make up the bulk of our population. Therefore, when the bill for tuition at one of the institutions has six-tenths of one per cent added because of a partial repayment to the City treasury for the services that are rendered, we should recognize this is a small portion of the municipal subsidy that every

taxpayer in the City has been giving these institutions over the years.

If there were one healthy thing that came out of our hearings on the Institution and Service Tax, it was from Dr. Rathbun, Chancellor Posvar's representative, and Dr. Eddy, the acknowledgment that while they thought it was a bad tax, they did recognize the correctness and propriety of payments being made in lieu of taxes to the City of Pittsburgh. This attitude, I hope, will persist with these institutions and I hope they will recognize that in paying the Institutional privilege tax this next year, they will be furthering the same principles they say they recognize in approving payments in lieu of taxes.

Mr. Mason:

Mr. Chairman, my colleague, Mr. Kuhn, has explained my viewpoint quite eloquently and I could hardly add to them. The young man who appeared before Council for the Western Pennsylvania Hospital labeled this as a "sick tax" and because it had a tag on it, it stuck with the mass media and I consider this very unfortunate when we are struggling to balance a budget. I feel very badly about this because it puts a label on it, an unjustified label, and there is nothing you nor I nor our colleagues can do anything about. However, I want to register, for the record, the point that I resent it that someone of legal learning comes in here on this and labels this perhaps in two ways. Perhaps he was calling all of us "sick" also, but it has gotten a bad label and one that is unjustified.

MOTIONS AND RESOLUTIONS

Mr. Flaherty presented

Bill No. 1810. Providing for revision and reorganization of budget procedures.

Whereas, the present budget procedures are outmoded and in need of revision, and

Whereas, the present budget document, consisting mainly of line items, does not give adequate information to the public of the functions, programs and performances of the various city departments, and

Whereas, there is a need for improved fiscal planning.

Now, Therefore, Be It Resolved:

1. That a professional urban economist and other necessary professional staff and personnel be retained and employed to improve fiscal planning and to revise and reorganize budget procedures,

2. That the present budget document be revised in order to give the public adequate information of the functions, programs and annual performance of the various city departments,

3. That, in order to permit greater public participation, access and communication in the budget process that the budget sessions and meetings of City Council on budgetary matters shall be open to the public,

4. That City Council and other governmental officials and bodies shall do all things necessary to carry out these aims and objectives.

Mr. Kamyk:

How much would this new system, hiring a commissioner, what would it cost the City of Pittsburgh?

Mr. Flaherty:

That would be for City Council to decide.

Mr. Kamyk:

Mr. President, I don't think we need a commissioner. What we need is money. I think we have enough people on the payroll now to give us all the advice we need. Therefore, I am opposed.

Mr. Mason:

Mr. President, I would like to question the maker of the motion in terms of point two. I am not sure I completely understand the linguistics and semantics in that paragraph.

Mr. Flaherty:

Point two refers to the present document which does not show sufficient information to the public; adequate information of the programs going on in the City departments. All this really shows is basically the total cost. It really should outline actual performances taking place in the departments so when one looks at a particular bureau or department one sees not only salaries and materials costs but details of the programs in that department and performances of these programs. It goes to the information in the budget document. Sometimes I think we should have a performance budget as the State of Pennsylvania and the Federal Government have adopted as their procedure.

Mr. Mason:

Mr. President, I am not sure I thoroughly understand what the maker of the motion interprets by his "performance budget." I am just a little bit mixed up. If you recall, Mr. President, in January of last year, after my brief neophyte service in City Council and subsequent election, I made a motion to have us start budgeting early in order to try to get rid of inequities. We struggled with this all year long with the inequities in the Water Department, Public Works; inequities in the Department of Public Safety and this got thrown into arbitration.

I don't want to say my motion went amiss but I am not sure I thoroughly understand—and I have been an executive director of a number of agencies—what is meant by performance budget. If you mean we spent \$22 thousand for "X" number of vehicles and these vehicles clocked "X" number of hours or consumed "X" number of gallons of gasoline, if this is what he means, then I can understand his budget proposal. But if he is talking about just a general performance budget which the general

public can understand, I do not understand what the maker of the motion is proposing. Obviously, after I read this, I don't know how many packers we have but I do know we have "X" number of packers and spent "X" number of dollars last year and propose to spend "X" number of dollars this year. I understand that. I just don't know what he means by performance budget and I would like to have it clarified for me.

Mr. Flaherty:

If you will look at the budget document, it will tell you on Page 61 that "X" number of dollars is being spent for bridge repainting. That is all it tells you, for 1969. I want more. I think it should tell the same as the Federal budget and the State budget the number of bridges going to be repainted and also how many were repainted last year for the amount of money put up. For instance, the amount to be expended for salt—it says \$157 thousand for salt. It should tell, the same as the Federal budget and the State budget, the number of bridges going to be repainted and also how many were repainted last year for the amount of money put up for it. For instance the amount to be expended for the salt—\$157,000. It should tell you not only the amount of money but how many tons of salt were purchased last year and in the following year for the amount being expended. It does not tell you this.

Street cleaning—it tells you "X" number of dollars will be spent for street cleaning. Nothing else. It should tell you how many miles of streets so that the public is able to relate not only dollar amount but be able to see and visualize the amount of miles of streets to be repaved. The amount of money, \$400,000, for asphalt purchase. It doesn't tell you how many tons of asphalt are to be utilized in this \$400,000.

I believe in a performance budget. Already, many, many cities, many states, the Federal Government have them. They spell out how many tons of asphalt are going to be used in 1969, how many tons were used in 1968 for "X" number of dollars spent, and this budget does not give you this information and I am saying a good budget should detail that.

Mr. Kuhn:

If Mr. Flaherty will be kind enough to hand me the document to which he is referring, I would like to correct one thing he may have overlooked, I think not intentionally. The department estimates for 1969, this shows what we are budgeting for 1969. The appropriation for 1968 is next to see what was last's year's. The third year, we show expenditures for 1967. If we had the space available to put the details of which you speak in this document, it would be there but it would be on your desk if you examine the monthly reports. Like all of the Councilmen, I am concerned that we know particulars but we would be deceiving ourselves if we thought that increasing the bulk of the document to show unit costs of items, whether salt or asphalt or whatever the commodity, we would thereby increase our knowledge and efficiency. I think we would be wrong; we would be deceiving ourselves and the public.

The budget procedures followed this year as a result of Mr. Mason's motion earlier in 1968 were diligently worked with the Finance Chairman and have covered substantially all of 1968. I do not think it is fair to us and the work done, in which Mr. Flaherty has participated, to suggest our budget procedures are an emergency operation at the end of the year. We have sessions throughout the year and I remember participating in them. Incidentally, one of them was the biggest item in the budget—salaries for uniformed services.

There are other suggestions in Mr. Flaherty's resolution which I think unfair to our procedures and I do not intend to vote for his resolution.

Mr. Flaherty:

I think Mr. Kuhn misses my point in this respect and I say this in all deference to my colleagues. The budget is not limited to City Council members. I know if I go back, I could piece, by pieces and bits, together information as to what particular item you would want to find. I suppose you could do that if you wanted to go back and piecemeal it altogether. But the budget doesn't just belong to us, but to the people. It is a budget supposed to give information

to the City at large and when they pick it up, they shouldn't have to go to Councilman Kuhn's desk or Councilman Flaherty's desk to find out pieces of information that should be in it.

A good document sets forth the information in it and not just dollar values as this document does. Certainly it says what was spent in 1967 and 1968 and what is going to be spent in 1969 in dollar values, not specifically showing performance. I do not think the members of the public should have to come in and go through this in bits and pieces when a good document would serve the purpose better.

Mr. Leslie:

Since salt, asphalt, painting of bridges, all are properly in the Department of Public Works, and I am Chairman of that Committee, I must say I can't see how you would allocate a certain amount of salt for a certain amount of time. You can't say what the weather is going to be next week, number one. I don't know whether 20 tons will be needed tomorrow or 60 tons next week. I don't know how you could have a complete rundown in salt. As far as asphalt, I get a report at the beginning of each year as to street resurfacing for the year. Many times this could be changed because of improvements to arterial roads and improvements of highways in the City of Pittsburgh, utilities, many things that enter into repaving of streets.

We have a program and I get reports on it. I think I know what is going on in Public Works. My director informs me from week to week. These reports are available. It is pretty hard to say we are going to have 20 potholes on one of our City streets today when we may have 50 if we have continually bad weather. As to locations and what time this will be used, I don't think anybody can say. These are the things, as anyone who knows the working of his department and anyone who knows how they have to cope with these problems as far as allocating to a particular job, almost impossible to project.

I hope we have enough in the budget to pay for the salt we have to use. I hope we don't have to use that much. We have a blizzard in March or February

where we may use ten times more salt in two weeks. I don't know how you can say where and how it is going to be used.

The same thing with asphalt. We have a street program for repaving our streets. It is available for anyone who wants it. You may have an allocation in the budget for painting bridges. In the meantime, you may find some repairs are required and rather than paint that bridge in June, you're now going to go to another bridge that does require painting only. You have to shift in this type of work. In general maintenance work, it is pretty hard to allocate "X" number of dollars to anyone job because conditions may change to make it necessary to shift these funds but you must have the money there to maintain our physical structures, our physical facilities.

Mrs. D'Ascenzo:

Mr. President, I would like to address my remarks to Councilman Flaherty. As a preamble, I would like to say, I think there is room for improvement in any operation or any facet of government. But I think in this case, Mr. Flaherty, your idea about the budget and changes that might be made to make it more comprehensible to the general public are worth considering. Not necessarily to us, because we do possess the information we need, but it seems to me, Mr. Flaherty, the Mayor being executive administrator of the City of Pittsburgh, is where your ideas and his responsibilities should meet. Coming at this time, in the form of a resolution—to be voted on—something I find I cannot do. I would rather see this done afterwards between the Mayor and the Council. As I said before, there is room for improvement. Changes can be made. We must not close our minds and think we have the answer to everything relating to the budget. So Mr. Flaherty, I am speaking more to you than to the members of Council.

Mr. Fagan:

Mr. Chairman, I rise in defense of the resolution. I believe there is some merit to it. I think sometimes you can take any document and twist it out of pro-

portion to make it appear that it doesn't mean exactly what the maker of the motion's original intentions were. But I say this. When you speak about the budget for a city the size of the City of Pittsburgh, \$84, \$85 million, it automatically becomes confusing to the average layman; not to anyone educated in mathematics. Unfortunately, we do have a lot of people who just cannot, within their own brainwork, figure out just exactly what this amount of money is or where it is spent. All they know is within the confines of the budget, there is an increase in taxation which they have to bear to bring about the \$84 million. I think there should be some explanation to these people.

I think whenever we get to the point of the size of budget we have, we should have experts working on it year round—not six months; not three months. I believe we have competent people here in the City of Pittsburgh, employed at the present time, who can perform the duties of this resolution, but it must be full-time work.

As a result of it, not only Council but all of the department heads must give full reports of their activity so the people can know, the people paying taxes, exactly where their taxes are going. I think this is what this resolution points out; that is, to give more study to the budget so we are in a better position to give explanations to a citizen as to what causes the expenditure of \$84 million to run the City of Pittsburgh. For example, the expanded services they are asking for; the increased wages necessary so that the employees of the City of Pittsburgh can maintain their standards of living. These are the things that have to be explained and I think when they are, they are better accepted and if we are going to impose a tax such as we have, the business privilege tax, etc., we sit down with witnesses, in advance, and explain our reasons for feeling these things are necessary.

I feel with more consultation, we will have a better understanding of the budget when it reaches its final passage later, in the position we find ourselves today. So I think there are merits to the resolution and I think it is being twisted a little out of proportion and I think it is attempting to accomplish

two things—more study to the budget and more consultation with those it will affect, especially when it gets into our services, educational processes, and our businesses. Also, we will be in a better position for explaining to the people where the \$84 million will be spent. When we bring that about, we will have a better understanding and better reception of any increase in taxes we may find necessary from any proceedings here.

Mr. Baskin:

I would like to direct my remarks to two separate points. First, I think it is unfair to the Mayor and his staff to seem to be saying here they are not working on the budget far enough in advance or not constantly working on it. The fact of the matter is, you know there is Bill Salem on the Mayor's staff who is the full-time employee in the Mayor's office who works on this budget from January 1st to the end of the year. In fact, we were talking just before the end of the meeting about starting next year's budget and he coordinated the department heads and coordinates it also with Council. We have our own budget controller so that although I agree with Mrs. D'Ascenzo, there is always room for improvement and we shouldn't stop trying to improve, I think it should be acknowledged that the Mayor and his staff are doing the very things that Mr. Fagan spoke about in his remarks.

Now, whether there should be more people doing it is another question and I think that is a question we can discuss with the Mayor and his staff and I think it is very unfair to leave the impression this hasn't been done by the Mayor's office throughout.

Secondly, I would like to bring out the type of budget. You can argue endlessly as to the type of budget that is better. For example there are many businesses and very high-powered business organizations who prefer the line-by-line budget. There are many charitable organizations who prefer the line-by-line budget because it is easier to handle when looking at the amounts to be appropriated. The difficulty with the other budget is, as Mr. Kuhn pointed out, you are swamped with so much de-

tail that actually you lose sight of the appropriation themselves. There have been many business organizations and governmental units who have abandoned the other form of budget. Actually, it doesn't make very much difference in the final analysis which one you use because you can get what information anyone may want on it.

He says the government of Pennsylvania and the United States government use the other form of budget. I simply point out, when it comes to financial difficulties, they certainly take second place to no one in this Country regardless of their form of budget. The Commonwealth of Pennsylvania, under Governor Shaffer, had a tremendous budget problem last year which was not solved and they are going to have even more problems this year, despite the fact he uses so-called better budget procedures and certainly our Federal Government has its problems regarding the form of budget.

I think before we decide to abandon the line-by-line budget, there ought to be a great deal of study given and we should get the opinion of fiscal experts on the difference in the types of budget and what they think would be more beneficial to the City. I agree with Mrs. D'Ascenzo, this matter should be taken up by Council with the Mayor and with fiscal experts, if we feel they are needed, and come to a determination early in the year.

Bill No. 1811.

Resolved, that, pursuant to the Local Tax Enabling Act, Act 511 of 1965, P.L. 1257, as amended, 53 P.S. 6904, the following taxes enacted for the calendar year 1968 and subsequent years shall continue in force without change or amendment for the calendar year 1969:

The Chair:

Gentlemen, we have another duty to perform before adjourning this meeting. That is, the election of an Assistant City Clerk.

Mr. Leslie moved

That we commence with the election of an Assistant City Clerk.

Which motion prevailed.

Mr. Mason:

I place in nomination the name of Michael A. Perry as Assistant City Clerk.

Mrs. D'Ascenzo:

I second the nomination of Mr. Perry with remarks.

Mrs. D'Ascenzo:

Mr. President, I am very happy to second this nomination. I would like to make a few comments about the person whose name is being placed in nomination. Michael A. Perry came to us to work in a very menial position. He wanted to better himself; in order to do so, he was willing to return to school. He studied and prepared himself to be a better employee of Council's office. These traits of character are something he has exhibited in all responsibilities given him and other responsibilities he has assumed on his own. For that reason, I am very happy to second the nomination of Michael A. Perry as assistant city clerk.

Mr. Fagan moved

That the nomination be closed.

Which motion prevailed.

And the Ayes and Noes were taken and being taken were:

Ayes:—

|----------------|---------------|
| Mr. Baskin | Mr. Kuhn |
| Mrs. D'Ascenzo | Mr. Leslie |
| Mr. Fagan | Mr. Mason |
| Mr. Flaherty | Mr. Counahan, |
| Mr. Kamyk | (Pres't) |

And, by unanimous votes, Mr. Michael A. Perry elected as Assistant City Clerk.

Mr. Counahan administered the oath of office to Michael A. Perry.

Mr. Perry:

Mr. President, members of Council, I would like to thank each and every one of you for making this day possible. I hope I can fulfill the confidence you have in me. Thank you.

Mr. Counahan:

On behalf of the members of Council, we wish you success. We know you can do the job because you have been doing it so much. Welcome aboard.

Mr. Mason moved

That this meeting be adjourned and to meet at regular session of Council at 2:00 o'clock, P.M., January 6, 1969.

And Council adjourned.

No. 146

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, to enter into an agreement with the Allegheny County Sanitary Authority and the Carlynton School District, providing for sewage treatment and disposal by said Authority of the sewage and acceptable wastes of said School District's new Carlynton High School.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, are hereby authorized and directed to enter into an agreement with the Allegheny County Sanitary Authority of the Carlynton School District providing for sewage treatment and disposal by said Authority of the sewage and acceptable wastes of said School District's new Carlynton High School, in substantially the following form:

THIS AGREEMENT

MADE and effective as of the first day of March, 1968, by and among

CITY OF PITTSBURGH

(herein called the "City"), a municipal corporation of the Commonwealth of Pennsylvania located within the County of Allegheny,

ALLEGHENY COUNTY SANITARY AUTHORITY

(herein called the "Sanitary Authority"), a municipal authority of the Commonwealth of Pennsylvania, and

CARLYNTON SCHOOL DISTRICT

(herein called the "School District"), a body corporate created and existing under the laws of the Commonwealth of Pennsylvania located within the County of Allegheny.

WITNESSETH:

Whereas, The School District is constructing a new high school in Robinson Township on a site immediately adjacent to the Borough of Rosslyn Farms, to be known as the Carlynton High School; and

Whereas, Under the provisions of long-term municipal and industrial agreements, the Sanitary Authority is providing, by means of its Sewage Disposal System, sewage collection, transportation, treatment and disposal service (herein called "sewage service") to homes and plants in seventy-three municipalities including the City of Pittsburgh and the Borough of Carnegie and Rosslyn Farms, and one of the Sanitary Authority's intercepting sewers is located along Chartiers Creek; and

Whereas, The Borough of Rosslyn Farms and the Borough of Carnegie have both agreed to permit all of the sanitary sewage created at this site to be discharged into the sewer system of the Borough of Rosslyn Farms, thence into the sewer system of the Borough of Carnegie and thence into the Chartiers Creek intercepting sewer of the Sanitary Authority at Outlet No. 26; and

Whereas, The School District deems it economical and otherwise advantageous to have the sewage and acceptable wastes of its new Carlynton High School

treated and disposed of by the Sanitary Authority's Sewage Disposal System pursuant to the terms of this Agreement, rather than to build and operate suitable treatment and disposal facilities of its own; and

Whereas, The Sanitary Authority cannot undertake the School District's legal obligation to treat and dispose of its sewage and acceptable wastes unless the School District binds itself to take sewage service exclusively from the Sewage Disposal System for the same long period of time as do all the participating municipalities and companies being served.

Now, Therefore, In consideration of the premises and the undertakings of each party to the others, the parties hereto, each intending to legally bind itself, its successors and its assigns, covenant and agree as follows:

1. The standard form of long-term agreement by and among the City, the Sanitary Authority and each of the numerous other municipalities served by the Sewage Disposal System (sometimes hereinafter referred to as the "Municipal Agreement"), consisting of 27 pages and a map marked Exhibit A, of which a copy has been submitted to the School District, is incorporated herein and made a part of this Agreement by reference thereto. Except as otherwise provided herein, all relevant provisions of said Municipal Agreement shall be binding upon the parties hereto, the School District hereby acquiring all the rights and becoming subject to all the obligations of the party referred to therein as the "Borough" or the "Township." The terms "Sewage Disposal System," and "State Board" shall have the same meanings herein as those given them in the said Municipal Agreement, and the term "Sewage Agency" therein shall mean Allegheny County Sanitary Authority, one of the parties hereto.

2. The School District hereby designates, engages and appoints the Sanitary Authority (which the City has designated to be the Sewage Agency under the several Municipal Agreements) as the sole and exclusive agency, during the entire life of this Agreement, to provide sewage collection, treatment and disposal service (subject to the provisions hereinafter contained) to the

school buildings and related facilities on the premises of the new Carlynton High School owned or occupied by the School District, the said premises being described as follows, to wit:

The above parcel of land is shown on Layout Plan, Carlynton High School dated Sept. 11, 1967, by Johnstone, McMillin & Associates (ACSA file No. 1610-20.1).

The School District agrees that during such period it will not itself provide such treatment and disposal service, except for the pre-treatment of such wastes as shall require pre-treatment and except for the treatment and disposal of wastes and other materials which must be excluded from the Sewage Disposal System.

3. Subject to the provisions of Paragraphs 4 and 5 of this Agreement, the Sanitary Authority will accept into its intercepting sewer all the sewage and acceptable wastes (exclusive of storm-water) of the School District's school buildings and related facilities on the premises covered by this Agreement, transport such sewage and wastes to its treatment plant, and provide such treatment and disposal thereof as may be required by law.

The School District shall provide for the separation of sanitary sewage and acceptable wastes from storm or surface drainage. Only sanitary sewers shall be connected directly or indirectly with the Sewage Disposal System, and the School District shall not permit the discharge therein of storm or surface water, unacceptable wastes any surface or sub-surface stream, or the acid drainage of a coal mine. If any such condition exists or occurs, and if the School District does not promptly exclude or divert the unacceptable matter or flow, the Sanitary Authority shall have the right to disconnect the School District's offending sewer at the expense

of the School District, and shall not be liable therefor in any way to the School District.

4. For the collection, treatment and disposal service provided by the Sanitary Authority the School District covenants to pay promptly to the Sanitary Authority's established sewage service charges. Such charges shall be based upon

- (a) the quantity of water, from whatever source, used in or on the said premises of the School District (less quantity credits provided for in Paragraph 12 of the Municipal Agreement) and
- (b) the character—as to suspended solids, biochemical oxygen demand, chlorine demand, etc—of the sewage and wastes discharged into any sewer connected directly or indirectly with the Sewage Disposal System.

in accordance with a uniform schedule of charges applicable throughout the main service area of the Sewage System, and billed monthly, quarterly, semi-annually, at the option of the Sanitary Authority.

It shall be the obligation of the School District to install and maintain in good operating condition meters or other measuring devices approved by the Sanitary Authority for measuring the quantity of such water, and the School District shall permit the Sanitary Authority or its designee to read such meters or other measuring devices periodically. If for any reason the Sanitary Authority shall not obtain such quantity data for any billing period, it shall have the right to estimate the same and to use such estimated quantity in computing its charges.

In order to determine the character of the industrial wastes discharged into the Sewage Disposal System, for the purpose of computing its charges and also for the purpose of excluding unacceptable wastes and materials, the Sanitary Authority shall have the right to inspect the School District's buildings, facilities and premises, and to take samples of the sewage and wastes discharged therefrom.

5. The Sanitary Authority shall have the right to designate a list of unacceptable wastes (e.g., specified oils, acids, toxic wastes, etc.) which in its opinion may be harmful to its sewers, pumping stations or other structures or may interfere with the sewage treatment processes at its plant, and to change such list from time to time. The School District shall receive due notice of such unacceptable wastes. The School District agrees to so operate its buildings, facilities and premises, and to provide and properly operate such pre-treatment or other facilities to be specified and approved by the Sanitary Authority, subject to the approval of the State Board, as will assure the exclusion of all such unacceptable wastes from all sewers connected directly or indirectly with the Sewage Disposal System.

6. In accordance with the policy set forth in Paragraph 7 of the Municipal Agreement, it shall be the obligation of the School District to bring its sewage and wastes to the Sanitary Authority's connection with its Chartiers Creek intercepting sewer, by making and continuing in effect at its own cost and expense, suitable arrangements to use for such purpose the municipal sewers of the Boroughs of Rosslyn Farms and Carnegie.

7. This Agreement shall become effective immediately, and shall remain in full force and effect, subject to the provisions of Paragraphs 2 and 3 of the Municipal Agreement, until the date of expiration of the legal existence of the Sanitary Authority or until the expiration of one calendar year following the payment in full of all bonds, notes and other obligations of the Sanitary Authority, original and refunding, issued by it to finance the construction, replacement, maintenance and operation of the Sewage Disposal System and additions thereto, whichever date shall be later.

(2) He is a defendant in an action brought on a payment bond; or

No. 159

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, to enter into an agreement with the Allegheny County Sanitary Authority and the American Oil Company providing for sewage service to said Company's plant on the Monongahela River.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That the Mayor and the Director of the Department of Public Works, on behalf of the City of Pitts-

burgh, are hereby authorized and directed to enter into an agreement with the Allegheny County Sanitary Authority and the American Oil Company providing for sewage service to said Company's plant on the Monongahela River, in substantially the following form:

THIS AGREEMENT

MADE and effective as of the first day of March, 1968, by and among

CITY OF PITTSBURGH

(herein called the "City"), a municipal corporation of the Commonwealth of Pennsylvania located within the County of Allegheny,

ALLEGHENY COUNTY SANITARY AUTHORITY

(herein called the "Sanitary Authority"), a municipal authority of the Commonwealth of Pennsylvania, and

AMERICAN OIL COMPANY

(herein called the "Company"), a corporation created and existing under the laws of the State of Maryland, having its principal office in the City of Baltimore.

WITNESSETH:

Whereas, The Company owns and operates a plant fronting on the Monongahela River partly in the City of Pittsburgh and partly on adjacent land in Baldwin Borough, Allegheny County, Pennsylvania; and

Whereas, Such waterfront companies are required by the Sanitary Water Board of the Commonwealth of Pennsylvania acting under the laws of the Commonwealth to treat their sewage and wastes and are not permitted to discharge untreated sewage or wastes into the streams of the Commonwealth; and

Whereas, Under the provisions of long-term municipal and industrial agreements, the Sanitary Authority is providing, by means of its Sewage Disposal System, sewage collection, transportation, treatment and disposal service (herein called "sewage service") to homes and plants in seventy-three municipalities including the City of Pittsburgh and the Borough of Baldwin, and one of the Sanitary Authority's intercepting sewers is located along the Monongahela River; and

Whereas, The Company deems it economical and otherwise advantageous to have the sewage and acceptable wastes of its plant treated and disposed of by said Sewage Disposal System pursuant to the terms of this Agreement, rather than to build and operate suitable treatment and disposal facilities of its own; and

Whereas, It is more economical to have a direct connection to the Sanitary Authority's Monongahela River intercepting sewer than to construct a much longer connection to a municipal sewer of the City of Pittsburgh; and

Whereas, The Sanitary Authority cannot undertake the Company's legal obligation to treat and dispose of its sewage and acceptable wastes unless the Company binds itself to take sewage treatment service exclusively from the Sewage Disposal System for the same long period of time as do all the participating municipalities and the other waterfront companies being served.

Now, Therefore, In consideration of the premises and the undertakings of each party to the others, the parties hereto, each intending to legally bind itself, its successors and its assigns, covenant and agree as follows:

1. The standard form of long-term agreement by and among the City, the Sanitary Authority and each of the numerous other municipalities served by the Sewage Disposal System (sometimes hereinafter referred to as the "Municipal Agreement"), consisting of 27 pages and a map marked Exhibit A, of which a copy has been submitted to the Company, is incorporated herein and made a part of this Agreement by reference thereto. Except as otherwise provided herein, all relevant provisions of said Municipal Agreement shall be binding upon the parties hereto, the Company hereby acquiring all the rights and becoming subject to all the obligations of the party referred to therein as the "Borough" or the "Township." The terms "Sewage Disposal System," and "State Board" shall have the same meanings Municipal Agreement and the term herein as those given them in the said "Sewage Agency" therein shall mean Allegheny County Sanitary Authority, one of the parties hereto.

2. The Company hereby designates, engages and appoints the Sanitary Authority (which the City has designated to be the Sewage Agency under the several Municipal Agreements) as the sole and exclusive agency, during the entire life of this Agreement, to provide sewage collection, treatment and disposal service (subject to the provisions hereinafter contained) to the plants, buildings and other premises situated partly in the Thirty-first Ward of the City of Pittsburgh and partly in the Borough of Baldwin adjacent thereto owned or occupied by the Company at the present time, said premises being described as follows, to wit:

Being all that property situated in the Thirty-first Ward, City of Pittsburgh and Baldwin Borough on the south bank of the Monongahela River beginning at Hays Street and extending down river approximately 2700 feet containing 15 acres more or less as shown on Plan of Property made for American Oil Company by Edeburn, Cooper & Co., dated December, 1953, No. 20429, given ACSA File No. 1608-75,

and to the Company's future plants, and buildings on the same premises and on premises adjacent thereto (all of which are hereinafter referred to as "the plants, buildings and premises covered by this Agreement").

The Company agrees that during such period it will not itself provide such treatment and disposal service, except for the pre-treatment of such wastes as shall require pre-treatment and except for the treatment and disposal of wastes and other materials which must be excluded from the Sewage Disposal System.

3. Subject to the provisions of Paragraphs 4 and 5 of this Agreement, the Sanitary Authority will accept into its intercepting sewer all the sewage and acceptable wastes of the Company's plants, buildings and premises covered by this Agreement, transport such sewage and wastes to its treatment plant, and provide such treatment and disposal thereof as may be required by law; provided, however, that the Sanitary Authority shall have the right to refuse to accept for treatment and disposal by the Sewage Disposal System the sewage or wastes

of any future plant, building or premises of the Company if in the judgment of the Sanitary Authority the quantity of such sewage or wastes would overload its intercepting sewer.

The Company shall provide for the separation of sanitary sewage and acceptable wastes from storm or surface drainage. Only sanitary sewers shall be connected directly or indirectly with the Sewage Disposal System, and the Company shall not permit the discharge therein of storm or surface water, unacceptable industrial wastes, any surface or sub-surface stream, or the acid drainage of a coal mine. If any such condition exists or occurs, and if the Company does not promptly exclude or divert the unacceptable matter of flow, the Sanitary Authority shall have the right to disconnect the Company's offending sewer at the expense of the Company, and shall not be liable therefor in any way to the Company.

4. For the collection, treatment and disposal service provided by the Sanitary Authority the Company covenants to pay promptly to the Sanitary Authority the Sanitary Authority's established sewage service charges. Such charges shall be based upon

- (a) the quantity of water, from whatever source, used in or on the plants, buildings, and premises of the Company (less quantity credits provided for in Paragraph 12 of the Municipal Agreement) and
- (b) the character — as to suspended solids, biochemical oxygen demand, chlorine demand, etc. — of the sewage and industrial wastes discharged into any sewer connected directly or indirectly with the Sewage Disposal System.

in accordance with a uniform schedule of charges applicable throughout the main service area of the Sewage Disposal System, and billed monthly, quarterly, semi-annually or annually, at the option of the Sanitary Authority.

It shall be the obligation of the Company to install and maintain in good operating condition meters or other measuring devices approved by the Sanitary Authority for measuring the quantity of such water, and the Company

shall permit the Sanitary Authority or its designee to read such meters or other measuring devices periodically. If for any reason the Sanitary Authority shall not obtain such quantity data for any billing period, it shall have the right to estimate the same and to use such estimated quantity in computing its charges.

In order to determine the character of the industrial wastes discharged into the Sewage Disposal System, for the purpose of computing its charges and also for the purpose of excluding unacceptable wastes and materials, the Sanitary Authority shall have the right to inspect the Company's plants, buildings and premises, and to take samples of the sewage and wastes discharged therefrom.

5. The Sanitary Authority shall have the right to designate a list of unacceptable wastes (e.g., specified oils, acids, toxic wastes, etc.) which in its opinion may be harmful to its sewers, pumping stations or other structures or may interfere with the sewage treatment processes at its plant, and to change such list from time to time. The Company shall receive due notice of such unacceptable wastes. The Company agrees to so operate its plants, buildings and premises, and to provide and properly operate such pretreatment or other facilities to be specified and approved by the Sanitary Authority, subject to the approval of the State Board, as will assure the exclusion of all such unacceptable wastes from all sewers connected directly or indirectly with the Sewage Disposal System.

6. In accordance with the policy set forth in Paragraph 7 of the Municipal Agreement, it shall be the obligation of the Company to bring its sewage and wastes to the Sanitary Authority's Streets Run sewer line that connects with its Monongahela River intercepting sewer. This may be done either by making a satisfactory arrangement with Dresser Industries, Inc., its successors or assigns, to utilize the existing sewers and connection of Harbison-Walker Refractories Company (now a Division of Dresser Industries, Inc.) or by means of a direct connection to the Sanitary Authority's sewer line in Streets Run at such point and in such manner as the Sanitary Authority may direct, at the sole cost and expense of the Company.

In either case, the Company shall provide a satisfactory means of inspecting and sampling the Company's wastes before discharge to the Sanitary Authority's facilities.

The parties agree that the Company shall have the right at any time to connect any of its sewers into any approved municipal sewer that is connected to the Sanitary Authority's intercepting sewer, all at the Company's expense and in accord with applicable laws and regulations, and thus discontinue discharging part or all of its sewage and waste directly into the Sanitary Authority's intercepting sewer.

7. This Agreement shall become effective immediately and shall remain in full force and effect, subject to the provisions of Paragraphs 2 and 3 of the Municipal Agreement, until the date of expiration of one calendar year following the payment in full of all bonds, notes and other obligations of the Sanitary Authority, original and refunding, issued by it to finance the construction, replacement, maintenance and operation of the Sewage Disposal System and additions thereto, whichever date shall be later.

Whereas, As a result of these incidents buildings and structures have been destroyed and vandalized, property damaged and looted, and physical safety threatened; and

Whereas, Council is of the opinion that the following limited emergency regulations are essential for the restoration and preservation of good government, and for the peace, good government and welfare of the City and for the protection of its inhabitants:

The Council of the City of Pittsburgh hereby enacts as follows:

AN ORDINANCE—Approving the form and content of amendments to leases for the use of a public stadium between the Stadium Authority of the City of Pittsburgh and Pittstad Management Corporation, between Pittstad Management Corporation and Pittsburgh Athletic Company, Inc., between Pittstad Management Corporation and Pittsburgh Steelers Sports, Inc., between the Stadium Authority of the City of Pittsburgh and the Public Parking Authority of Pittsburgh and between the Public Parking Authority of Pittsburgh and Alco Parking Corporation; approving the form and content of an amendment to an Agreement entered into concurrently with the entering into of said leases by and between the Stadium Authority of

the City of Pittsburgh, Pittstad Management Corporation, Pittsburgh Athletic Company, Inc., Pittsburgh Steelers Sports, Inc., Public Parking Authority of Pittsburgh and Alco Parking Corporation; authorizing an amendment to Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh, entered into pursuant to Ordinance No. 246, approved June 29, 1965; and approving the form and content of a commitment letter dated April 1, 1968, to the Stadium Authority of the City of Pittsburgh from Mellon National Bank and Trust Company on behalf of itself and Pittsburgh National Bank, Western Pennsylvania National Bank and the Union National Bank of Pittsburgh, or such of them as agree to participate in the loan commitment.

Whereas, The Stadium Authority of the City of Pittsburgh and the City of Pittsburgh entered into an Agreement dated as of July 1, 1965, pursuant to Ordinance No. 246, approved June 29, 1965, for the purpose of enabling the Stadium Authority of the City of Pittsburgh to undertake the construction of a public stadium and facilities necessary or incident thereto (hereinafter called the "Project"); and

Whereas, By Ordinance No. 313, approved July 7, 1966, the form and content of leases and subleases and a related Agreement for the use of the public stadium were approved; and

Whereas, By Ordinance No. 313, approved July 7, 1966, the Stadium Authority of the City of Pittsburgh was authorized to borrow, if necessary, additional funds not to exceed One Million Two Hundred Thousand Dollars (\$1,200,000) for the construction of a master score board system and certain other facilities for the Project upon the terms and conditions set forth in said Ordinance; and

Whereas, Said Ordinance No. 313, approved July 7, 1966, authorized the Stadium Authority of the City of Pittsburgh to acquire a fee simple title rather than a leasehold interest to the site to be used by the Public Stadium and related facilities in the City of Pittsburgh, and the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh de-

sire to formally amend the Agreement between them dated as of July 1, 1965, approved July 7, 1966, to approve the acquisition by the Stadium Authority of the City of Pittsburgh of fee simple title to the site for the Project from Urban Redevelopment Authority of Pittsburgh; and

Whereas, At the time the Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh was entered into it was believed that the cost of the Project would not exceed the sum of Twenty-eight Million Dollars (\$28,000,000); and

Whereas, The Stadium Authority of the City of Pittsburgh has borrowed the sum of \$28,000,000 for the construction of the Project from certain banks (hereinafter called the "Banks") under a Loan Agreement dated as of June 23, 1965, amended as of September 21, 1966; and

Whereas, At the time that the Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh was entered into it was believed that the annual minimum rentals which were to be provided for under leases between the Stadium Authority of the City of Pittsburgh and Pittstad Management Corporation and between the Stadium Authority of the City of Pittsburgh and Public Parking Authority of Pittsburgh, in the aggregate amount of One Million Three Hundred Fifty Five Thousand Dollars (\$1,355,000), would provide sufficient funds for the estimated annual cost to the Stadium Authority of the City of Pittsburgh of the operation and maintenance of the Project and of debt service on the Bonds of the Stadium Authority of the City of Pittsburgh to be issued to repay the \$28,000,000 borrowed from the Banks; and

Whereas, The Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh provides that the Stadium Authority of the City of Pittsburgh shall not proceed with the construction of the Project until there has been a determination by City Council of the City of Pittsburgh, on the basis of firm, fixed proposals for the construc-

tion of the Project, that the above described minimum rentals would be sufficient to pay the estimated annual cost to the Stadium Authority of the City of Pittsburgh of the operation and maintenance of the Project and of debt service on such Bonds; and

Whereas, By Ordinance No. 30, approved February 6, 1968, the final plans and specifications for the construction of the Public Stadium by the Stadium Authority of the City of Pittsburgh were approved; and

Whereas, The Stadium Authority of the City of Pittsburgh has received firm, fixed proposals for the construction of the Project in the aggregate amount of Twenty Six Million One Hundred Twenty Two Thousand Dollars (\$26,122,000) which, when added to the estimated cost of certain parts of the Project for which proposals have not yet been solicited, the estimated cost of certain alternate and optional equipment, including a master scoreboard system, the estimated financing and other charges of the project and certain contingency reserves, in an aggregate amount not to exceed Five Million Five Hundred Seventy Eight Thousand Dollars (\$5,578,000), totals \$31,700,000 or Four Million Dollars (\$4,000,000) more than the amount which the Stadium Authority of the City of Pittsburgh estimates it will have available from its initial borrowing of \$28,000,000 to pay for the cost of construction of the Project; and

Whereas, The City of Pittsburgh desires that the Stadium Authority of the City of Pittsburgh proceed and the Stadium Authority of the City of Pittsburgh desires to proceed with the construction of the Project on the basis of the firm, fixed proposals and the estimated additional costs and expenses above mentioned in an aggregate amount not to exceed \$31,700,000 inasmuch as it is believed that the reasonably anticipated rentals under the above described leases of the Stadium Authority of the City of Pittsburgh with Pittstad Management Corporation and Public Parking Authority of Pittsburgh will exceed the annual minimum rentals to such an extent that the Stadium Authority of the City of Pittsburgh will have sufficient funds available from such rentals to pay the estimated an-

nual cost to the Authority of the operation and maintenance of the Project and of debt service on the Bonds of the Stadium Authority of the City of Pittsburgh to be issued to repay the \$28,000,000 initial borrowing and any additional borrowing not to exceed Four Million Dollars (\$4,000,000) to complete the payment of the entire estimated cost of construction of the Project; and

Whereas, Even if such reasonably anticipated rentals were not available for such purposes, it is declared to be in the public interest that the construction of the Project be proceeded with forthwith on the basis of the above-mentioned firm, fixed proposals and the estimated additional costs and expenses above-mentioned and the undertaking of the City of Pittsburgh to make annual grants, if necessary, in accordance with the Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh; and

Whereas, In order that the Stadium Authority of the City of Pittsburgh will have sufficient funds to pay the entire estimated cost of construction of the Project, the City of Pittsburgh desires that the Stadium Authority of the City of Pittsburgh borrow and the Stadium Authority of the City of Pittsburgh desires to borrow from the Banks a sum not to exceed Four Million Dollars (\$4,000,000) to apply toward the payment of the cost of construction of the Project, borrowing under the commitment to be upon the same terms and conditions (except as to interest rate) upon which the \$28,000,000 was borrowed, the form of commitment letter dated April 1, 1968 from the Banks providing for such borrowing being incorporated herein by reference thereto; and

Whereas, In computing the amount proposed to be borrowed under the commitment letter dated April 1, 1968 from the Banks to the Authority there has been included such sum, not to exceed \$1,200,000, as may be used for the construction of a master scoreboard system and certain other facilities for Pittsburgh Athletic Company, Inc., upon an increase in the annual rental payable by Pittstad Management Corporation to the Stadium Authority of the City of Pittsburgh under the above-described

lease, and a similar increase in the annual rental payable by Pittsburgh Athletic Company, Inc., to Pittsburgh Management Corporation under sublease between them, in an amount sufficient to amortize the principal of and interest on any funds borrowed for that purpose.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That in accordance with Section A 9 of the Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh entered into pursuant to Ordinance No. 246, approved June 29, 1965, the proposed Amendments to Leases, all dated as of April 1, 1968, between Stadium Authority of the City of Pittsburgh and Pittstad Management Corporation, between Pittstad Management Corporation and Pittsburgh Athletic Company, Inc., between Pittstad Management Corporation and Pittsburgh Steelers Sports, Inc., between the Stadium Authority of the City of Pittsburgh and Public Parking Authority of Pittsburgh and between Public Parking Authority of Pittsburgh and Alco Parking Corporation, and of an amendment dated as of April 1, 1968, to Agreement, entered into concurrently with entering into of said leases, by and between Stadium Authority of the City of Pittsburgh, Pittstad Management Corporation, Pittsburgh Athletic Company, Inc., Pittsburgh Steelers Sports, Inc., Public Parking Authority of Pittsburgh and Alco Parking Corporation, copies of which are on file in the Office of City Council of the City of Pittsburgh and are incorporated by reference herein, are hereby approved.

Section 2. That the Mayor and the Director of the Department of Parks and Recreation of the City of Pittsburgh be and they hereby are authorized and directed to enter into an amendment to the Agreement dated as of July 1, 1965, between the Stadium Authority of the City of Pittsburgh and the City of Pittsburgh, which amendment shall provide that City Council shall make a determination, on the basis of firm, fixed proposals for the construction of the Project that the aggregate amount of the annual reasonably anticipated rentals provided for under the leases between the Stadium Authority of the City of

Pittsburgh and Pittstad Management Corporation, and the Stadium Authority of the City of Pittsburgh and Public Parking Authority of Pittsburgh, will provide sufficient funds for the annual estimated cost to the Authority of the operation and maintenance of the Project and of debt service on the Bonds issued by the Authority, rather than the minimum rentals therefrom will so provide as set forth in said Agreement; which amendment further shall provide that the Stadium Authority of the City of Pittsburgh be authorized to borrow additional funds in an aggregate amount not to exceed Four Million Dollars (\$4,000,000) for payment towards the cost of construction of the Project under the conditions set forth in said Agreement; and which amendment shall approve the acquisition by the Stadium Authority of the City of Pittsburgh of fee simple title to the stadium site from the Urban Redevelopment Authority of Pittsburgh; such amendment to be in substantially the following form:

AMENDMENT
TO
ARTICLES OF AGREEMENT

This Amendment made as of the 1st day of April in the year One Thousand Nine Hundred Sixty Eight (1968)

to

by and between

STADIUM AUTHORITY OF THE
CITY OF PITTSBURGH

(hereinafter called "Authority"), a public body corporate and politic, exercising public powers of the Commonwealth of Pennsylvania as an agency thereof, organized and existing under and by virtue of the Act of General Assembly of the Commonwealth of Pennsylvania, approved July 29, 1953, P. L. 1034, as heretofore and hereafter amended, party of the first part

and

CITY OF PITTSBURGH
(hereinafter called "City"), a political

subdivision created and existing under and by virtue of the laws of the Commonwealth of Pennsylvania, party of the second part

Witnesseth

Whereas, The Authority and the City entered into the Agreement for the purpose of enabling the Authority to undertake the construction of a public stadium and facilities necessary or incident thereto (hereinafter called the "Project");

Whereas, At the time that the Agreement was entered into it was believed that the cost to the Authority of the construction of the Project would not exceed the sum of Twenty-eight Million Dollars (\$28,000,000); and

Whereas, The Authority has borrowed that sum for the construction of the Project from certain banks (hereinafter called the "Banks") under a Loan Agreement dated as of June 23, 1965, as amended as of September 21, 1966; and

Whereas, At the time that the Agreement between the Authority and the City was entered into it was believed that the annual minimum rentals which were to be and now are provided for under leases between the Authority and Pittstad Management Corporation and between the Authority and Public Parking Authority of Pittsburgh, in the aggregate amount of One Million Three Hundred Fifty Five Thousand Dollars (\$1,355,000), would provide sufficient funds for the estimated annual cost to the Authority of the operation and maintenance of the Project and of debt service on the Bonds of the Authority to be issued to repay the \$28,000,000 borrowed from the Banks; and

Whereas, The Agreement between the Authority and the City provides that the Authority shall not proceed with the construction of the Project until there has been a determination by City Council, on the basis of firm, fixed proposals for the construction of the Project, that the above described annual minimum rentals would be sufficient to pay the estimated annual cost to the Authority of the operation and maintenance of the Project and of debt service on such Bonds; and

Whereas, The Authority has received firm, fixed proposals for the construction of the Project in the aggregate amount of Twenty Six Million One Hundred Twenty Two Thousand Dollars (\$26,122,000), which, when added to the estimated cost of certain parts of the Project for which proposals have not yet been solicited, the estimated cost of certain alternate and optional equipment, the estimated financing and other charges of the Project, and certain contingency reserves, in the aggregate amount not to exceed Five Million Five Hundred Seventy Eight Thousand Dollars (\$5,578,000), totals Thirty One Million Seven Hundred Thousand Dollars (\$31,700,000), or Four Million Dollars (\$4,000,000) more than the amount which the Authority estimates it will have available from its initial borrowing of \$28,000,000 to pay for the cost of the Project; and

Whereas, The City desires that the Authority proceed and the Authority desires to proceed with the construction of the Project on the basis of the firm, fixed proposals above mentioned in the aggregate amount of \$26,122,000, and the estimated additional costs of such construction and related expenses and contingency reserves in an aggregate amount not to exceed \$5,578,000, inasmuch as it is believed that the reasonably anticipated rentals under the above described leases of the Authority with Pittstad Management Corporation and Public Parking Authority of Pittsburgh, as proposed to be amended, will exceed the annual minimum rentals to such an extent that the Authority will have sufficient funds available from such rentals to pay the estimated annual cost to the Authority of the operation and maintenance of the Project and of debt service on the Bonds of the Authority to be issued to repay both the \$28,000,000 initial borrowing and any additional borrowing not to exceed Four Million Dollars (\$4,000,000) to complete the payment of the entire estimated cost of construction of the Project; and

Whereas, So that the Authority will have sufficient funds to pay the entire estimated cost of construction of the Project the City desires that the Authority obtain a firm commitment from the Banks to lend to the Authority a sum not to exceed Four Million Dol-

lars (\$4,000,000) to apply toward the payment of the cost of construction of the project, borrowings under the commitment to be upon the same terms and conditions (except as to interest rate) upon which the \$28,000,000 was borrowed, the form of the commitment letter dated April 1, 1968, from the Banks to the Authority providing for such borrowing having heretofore been approved by the City and being incorporated by reference thereto; and

Whereas, The Authority and the City desire to formally amend the Agreement to approve, in accordance with Ordinance with Ordinance No. 313 of City Council of the City of Pittsburgh, approved July 7, 1961, the acquisition by the Authority of fee simple title to the site for the Project from Urban Redevelopment Authority;

Now, Therefore, The parties hereto, intending to be legally bound hereby, covenant and agree as follows:

FIRST. Section A 1 of the Agreement shall be amended as follows

In the third sentence thereof, the word "minimum," appearing in the clause "the aggregate amount of the annual minimum rentals provided for under the abovementioned leases," shall be deleted, and the words "reasonably anticipated" shall be inserted in lieu thereof.

THIRD. Section B 1 of the Agreement shall be amended by deleting the entire paragraph and inserting the following in lieu thereof:

funded to Lessee and accepted by Lessee as full payment for that portion of the period unexpired for which rent was paid at the time Lessor enters upon and resumes possession of the herein demised premises, except that no refund will be made of any amount less than ten (\$10.00) dollars.

Upon termination of this lease for any reason whatsoever, Lessor shall not be obligated to reimburse Lessee for any expenditure by Lessee for construction of improvements, as well as for alterations, on or to the demised premises, and Lessee hereby expressly waives any claim against Lessor for such reimbursement.

Any notice given under the terms of this Lease shall be deemed sufficient to meet the requirements thereof as legal service, if served by Registered or Certified United States mail, such notice to be computed from date of mailing.

Any failure on the part of Lessor to compel a fulfillment of any one or more of the covenants, terms and conditions herein contained shall not be held to be a waiver of its right to enforce the same at any time during the continuance of this Lease.

The word Lessee as used herein shall be construed to include the plural as well as the singular; and the necessary grammatical changes required to make the provision hereof apply to either corporations or individuals, masculine or feminine, shall in all cases be assumed as though fully expressed.

AN ORDINANCE—Authorizing and directing the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh to enter into an agreement with the Allegheny County Sanitary Authority and General Wire Spring Company providing for sewage service to said Company's plant fronting on Chartiers Creek in the Borough of McKees Rocks, Allegheny County, Pennsylvania.

The Council of the City of Pittsburgh hereby enacts as follows:

Section 1. That the Mayor and the Director of the Department of Public Works, on behalf of the City of Pittsburgh, are hereby authorized and directed to enter into an agreement with the Allegheny County Sanitary Authority and General Wire Spring Company providing for sewage service to said company's plant fronting on Chartiers Creek in the Borough of McKees Rocks, Allegheny County, Pennsylvania, in substantially the following form:

THIS AGREEMENT

Made and effective as of the first day of, 1968, by and among

CITY OF PITTSBURGH

(hereinafter called the "City"), a municipal corporation of the Commonwealth of Pennsylvania located within the County of Allegheny,

ALLEGHENY COUNTY SANITARY AUTHORITY

herein called the "Sanitary Authority", a municipal authority of the Commonwealth of Pennsylvania, and

GENERAL WIRE SPRING COMPANY

(hereinafter called the "Company"), a partnership, composed of Abe Silverman, Milton E. Ruben, Harry N. Glick, William Glick, Lee Harold Silverman, Arthur Amshel Silverman, as individuals; and Arnold I. Levine and Harry N. Glick, Trustees under William Glick and Florence S. Glick Trust Fund; Arnold I. Levine and William Glick, Trustees under Harry N. and Selma Glick Trust Fund; and Arnold I. Levine and Abe Silverman, Trustees under Milton E. Ruben and Freda L. Ruben Trust Fund; partners; having its principal office at South Ninth and Sarah Streets, Pittsburgh, Pennsylvania.

WITNESSETH:

Whereas, the Company is constructing a plant fronting on Chartiers Creek in the Borough of McKees Rocks, Allegheny County, Pennsylvania; and

Whereas, such waterfront companies whether incorporated or unincorporated

are required by the Sanitary Water Board of the Commonwealth of Pennsylvania acting under the laws of the Commonwealth to treat their sewage and wastes and are not permitted to discharge untreated sewage or wastes into the streams of the Commonwealth; and

Whereas, the Sanitary Authority has constructed and is operating a large sewage treatment plant and over sixty-nine miles of intercepting sewers leading thereto (herein called the "Sewage Disposal System"); and

Whereas, under the provisions of long-term municipal and industrial agreements, the Sanitary Authority is providing, by means of its Sewage Disposal System, sewage collection, transportation and disposal service (herein called "sewage service") to homes and plants in seventy-three municipalities including the Borough of McKees Rocks, and one of the Sanitary Authority's intercepting sewers is located along Chartiers Creek; and

Whereas, the Company deems it economical and otherwise advantageous to have the sewage and acceptable wastes of its plant treated and disposed of by the said Sewage Disposal System pursuant to the terms of this Agreement, rather than to build and operate suitable treatment and disposal facilities of its own; and

Whereas, the Sanitary Authority cannot undertake the Company's legal obligation to treat and dispose of its sewage and acceptable wastes unless the Company binds itself to take sewage treatment service exclusively from the Sewage Disposal System for the same long period of time as do all the participating municipalities and the other waterfront companies being served.

Now, Therefore, in consideration of the premises and the undertakings of each party to the others, the parties hereto, each intending to legally bind itself, its successors and its assigns, covenant and agree as follows:

1. The standard form of long-term agreement by and among the City, the Sanitary Authority and each of the numerous other municipalities served by the Sewage Disposal System (sometimes hereinafter referred to as the "Municipal

Agreement"), consisting of 27 pages and a map marked Exhibit A, of which a copy has been submitted to the Company, is incorporated herein and made a part of this Agreement by reference thereto. Except as otherwise provided herein, all relevant provisions of said Municipal Agreement shall be binding upon the parties hereto, the Company hereby acquiring all the rights and becoming subject to all the obligations of the party referred to therein as the "Borough" or the "Township". The terms "Sewage Disposal System", and "State Board" shall have the same meanings herein as those given them in the said Municipal Agreement, and the term "Sewage Agency" therein shall mean Allegheny County Sanitary Authority, one of the parties hereto.

2. The Company hereby designates, engages and appoints the Sanitary Authority (which the City has designated to be the Sewage Agency under the several Municipal Agreements) as the sole and exclusive agency, during the entire life of this Agreement, to provide sewage collection, treatment and disposal service (subject to the provisions hereinafter contained) to the plants, buildings and other premises in the Borough of McKees Rocks owned or occupied by the Company at the present time said premises being described as follows, to wit:

All that certain lot and all the land conveyed to the General Wire Spring Company, the partnership aforesaid, and fully described in the deed of O. H. Martin Co., dated June 21, 1967 recorded in the Recorder's office of Allegheny County, in Deed Book Volume 4401, page 685, and to the Company's future plants and buildings on the same premises or on premises adjacent thereto and to such adjacent premises (all of which are hereinafter referred to as "the plants, buildings and premises covered by this Agreement") The Company agrees that during such period it will not itself provide such treatment and disposal service, except for the pre-treatment of such wastes as shall require pre-treatment and except for the treatment and disposal of wastes and other materials which must be excluded from the Sewage Disposal System

3. This Agreement shall run with the above described land and shall be bind-

ing upon all owners, tenants and occupants thereof

4. Subject to the provisions of Paragraphs 5 and 6 of this Agreement, the Sanitary Authority will accept into its intercepting sewer all the sewage and acceptable wastes of the Company's plants, buildings and premises covered by this Agreement, transport such sewage and wastes to its treatment plant, and provide such treatment and disposal thereof as may be required by law; provided, however, that the Sanitary Authority shall have the right to refuse to accept for treatment and disposal by the Sewage Disposal System the sewage or wastes of any future plant, building or premises of the Company, if in the judgment of the Sanitary Authority the quantity of such sewage or wastes would overload its intercepting sewer. In such event, the Sanitary Authority will, if the Company so desires, design, construct and operate a separate treatment and disposal system for such future plant, building or premises provided that the entire cost thereof shall be borne by the Company.

The Company shall provide for the separation of sanitary sewage and acceptable wastes from storm or surface drainage. Only sanitary sewers shall be connected directly or indirectly with the Sewage Disposal System, and the Company shall not permit the discharge thereinto of storm or surface water, unacceptable industrial wastes, any surface or sub-surface stream, or the acid drainage of a coal mine. If any such condition exists or occurs, and if the Company does not promptly exclude or divert the unacceptable matter or flow, the Sanitary Authority shall have the right to disconnect the Company's offending sewer at the expense of the Company, and shall not be liable therefor in any way to the Company.

5. For the collection, treatment and disposal service provided by the Sanitary Authority the Company covenants to pay promptly to the Sanitary Authority the Sanitary Authority's established sewage service charges. Such charges shall be based upon

(a) the quantity of water, from whatever source, used in or on the plants, buildings and premises of the Company

(less quantity credits provided for in Paragraph 12 of the Municipal Agreement and

(b) the character—as to suspended solids, biochemical oxygen demand, chlorine demand, etc.—of the sewage and industrial wastes discharged into any sewer connected directly or indirectly with the Sewage Disposal System, in accordance with a uniform schedule of charges applicable throughout the main service area of the Sewage Disposal System, and billed monthly, quarterly, semi-annually or annually, at the option of the Sanitary Authority.

It shall be the obligation of the Company to install and maintain in good operating condition meters or other measuring devices approved by the Sanitary Authority for measuring the quantity of such water, and the Company shall permit the Sanitary Authority or its designee to read such meters or other measuring devices periodically. If for any reason the Sanitary Authority shall not obtain such quantity data for any billing period, it shall have the right to estimate the same and to use such estimated quantity in computing its charges.

In order to determine the character of the industrial wastes discharged into the Sewage Disposal System, for the purpose of computing its charges and also for the purpose of excluding unacceptable wastes and materials, the Sanitary Authority shall have the right to inspect the Company's plants, buildings and premises, and to take samples of the sewage and wastes discharged therefrom.

6. The Sanitary Authority shall have the right to designate a list of unacceptable wastes (e.g., specified oils, acids, toxic wastes, etc.) which in its opinion may be harmful to its sewers, pumping stations or other structures or may interfere with the sewage treatment processes at its plant, and to change such lists from time to time. The Company shall receive due notice of such unacceptable wastes. The Company agrees to so operate its plants, buildings and premises, and to provide and properly operate such pre-treatment or other facilities to be specified and approved by the Sanitary Authority, subject to the approval of the State Board, as will as-

sure the exclusion of all such unacceptable wastes from all sewers connected directly or indirectly with the Sewage Disposal System.

7. In accordance with the policy set forth in Paragraph 7 of the Municipal Agreement, it shall be the obligation of the Company to bring its sewage and wastes to suitable points of connection with the Sanitary Authority's Chartiers Creek intercepting sewer, such points to be so designated by the Sanitary Authority. At each such point a manhole, if non exists, shall be constructed for the purpose by the Sanitary Authority at the Company's expense, and each such connection shall be deemed a separate customer account for the purpose of calculating and billing the Sanitary Authority's sewage service charges. The only points of connection which the Sanitary Authority will provide to serve the Company's present plants, buildings and premises shall be as follows:

Direct connection to the Sanitary Authority's Chartiers Creek intercepting sewer at the manhole at Station 46+75 as shown on Sheets 3 and 6 of Contract 30 of the Sanitary Authority.

It shall be the obligation of the Company to construct and maintain the necessary collecting sewers to bring all its sewage and acceptable wastes to the Sanitary Authority's intercepting sewer, all to be as approved by the Sanitary Authority. The connection or connections shall be made by or at the expense of the Company, and the Company agrees to pay promptly the entire cost thereof, including the cost of new manholes, manhole stubs, and such other facilities as the Sanitary Authority may deem it necessary to provide or require.

If at any time after the collecting sewers of the Company shall have been connected to the Sanitary Authority's intercepting sewer, the Sanitary Authority shall be required or shall deem it advisable to change or move its Chartiers Creek intercepting sewer, the Company shall promptly at its own expense construct—or advance to the Sanitary Authority the entire cost of constructing—a new connecting sewer line and appurtenances.

The Company hereby grants to the Sanitary Authority, without additional consideration, a perpetual easement to construct, maintain and operate such portions of the Sewage Disposal System as may be located on the Company's land, and covenants to execute, acknowledge and deliver without charge a suitable deed or other confirmatory document to be recorded.

The parties agree that the Company shall have the right at any time to connect any of its sewers into any approved municipal sewer that is connected to the Sanitary Authority's intercepting sewer, all at the Company's expense and in accord with applicable laws and regulations, and thus discontinue discharging part or all of its sewage and waste directly into the Sanitary Authority's intercepting sewer.

8. This Agreement shall become effective immediately, and shall remain in full force and effect, subject to the provisions of Paragraphs 2 and 3 of the Municipal Agreement, until the date of expiration of the legal existence of the Sanitary Authority or until the expiration of one calendar year following the payment in full of all bonds, notes and other obligations of the Sanitary Authority, original and refunding, issued by it to finance the construction replacement, maintenance and operation of the Sewage Disposal System and additions thereto, whichever date shall be later.

In Witness Whereof, City of Pittsburgh has caused this Agreement to be executed by its Mayor and Director of the Department of Public Works and its official seal to be hereunto impressed, pursuant to Ordinance, duly enacted and approved on the day of, 1968, Allegheny County Sanitary Authority has caused this Agreement to be executed by its Chairman and its official seal to be hereunto impressed and attested by its Secretary, pursuant to a resolution duly adopted by its Board on the day of, 1968; and General Wire Spring Company, has caused this Agreement to be executed by all of its partners.

No. 674

AN ORDINANCE—To provide for the general revenue by imposing a tax of 15 per centum upon the transactions involved in parking motor vehicles at commercial parking places, as measured by the gross receipts received therefrom by the operators thereof; requiring a license and the payment of the tax as a condition to the conducting of such transactions; providing for the levy and collection of such tax; prescribing requirements for returns and records; conferring powers and duties upon the Treasurer; and imposing penalties.

Whereas, commercial parking places for motor vehicles, by reason of the frequency rate of their use, the changing intensity of their use at various hours of the day, their location, their relationship to traffic congestion and other characteristics, present problems requiring municipal services and affect the public interest, differently from parking places accessory to the use and occupancy of the residences; and

Whereas, a tax for general revenue purposes upon the transactions involved in parking or storing motor vehicles at commercial parking places would therefore be appropriate; and

Whereas, it is necessary in the public interest to increase the parking tax rate for the year 1969;

Now, Therefore, The Council Of The City Of Pittsburgh, Under The Authority Of Act No. 511 Of 1965, And Its Amendments, Hereby Enacts As Follows:

Section 1. Title: This ordinance shall be known and may be cited as the "Parking Tax Ordinance."

(c) "Commercial parking place" or "parking place"—any place within the City, whether wholly or partially enclosed or open, at which motor vehicles are parked or stored for any period of time in return for a consideration not including (i) any parking area or garage to the extent that it is provided or leased to occupants of a residence on the same or other premises for use only in connection with, and as accessory to, the occupancy of such residence, and (ii) any parking area or garage operated exclusively by an owner or lessee of a hotel, an apartment hotel, tourist court or trailer park, to the extent that the parking area or garage is provided to guests or tenants of such hotel, tourist court or trailer park for no additional consideration.

As used herein, the term "residence" includes (i) any building designed and used for family living or sleeping purposes other than a hotel, apartment hotel, tourist court or trailer park, and (ii) any dwelling unit located in a hotel or apartment hotel.

No persons shall conduct such transactions without complying with all the provisions of this ordinance and paying the tax hereby imposed.

Section 4. Annual License: No operator shall conduct the operation of a commercial parking place without obtaining for each parking place an annual license from the Director of the Department of Public Safety of the City of Pittsburgh as required by Ordinance No. 435, approved December 27, 1962, within the time specified. Any operator not possessing such license for each parking place for the year 1969 or any following year shall obtain such license within thirty (30) days after the effective date of this Ordinance, and any person who intends to begin conducting the operation of a commercial parking place shall obtain such a license before beginning such operation. At each parking place, the operator shall display the license in a conspicuous location at all times. The Treasurer and agents designated by him are hereby authorized to examine the books, papers and records of any operator or supposed operator in order to verify the accuracy of any return made, or if no return has been made, to ascertain the tax due. Section 6. Returns and Payments: Each operator, upon forms prescribed by the Treasurer shall file, on or before April 30, July 31, October 31, of the current tax year, and January 31, of the following year, returns showing gross receipts received with respect to each parking place during the respective three-month period ending on the last day of the month preceding the month in which the return due date occurs. At the time of filing the return, the operator shall pay to the Treasurer all tax due for the period to which the return applies.

Any operator who for the preceding quarterly period has failed to pay over the proper amount of tax to the Treasurer may be required by the Treasurer to file subsequent returns and pay the tax monthly. In such cases, payments of the tax shall be made to the Treas-

urer on or before the last day of the month succeeding the month for which the tax was due.

The City Treasurer is hereby authorized to accept payment under protest of the amount of parking tax claimed by the City in any case where the taxpayer disputes the validity or amount of the City's claim for tax. If it is thereafter judicially determined by a court of competent jurisdiction that the City has been overpaid, the amount of the overpayment shall be refunded to the taxpayer.

Any operator who ceases to conduct the operation of a parking place shall notify the Treasurer and pay all taxes due in thirty (30) days.

Whenever suit is brought for the recovery of unpaid tax, the operator shall, in addition, be liable for the costs of collection as well as for interest and penalties.

Section 9. Violation: Any person who violates any provision of this Ordinance or any regulation adopted pursuant to it shall, upon conviction thereof before any alderman or magistrate, be liable for a fine of not more than three hundred dollars (\$300.00) or, in default of payment of such fine, shall be imprisoned

in the Allegheny County Jail or Allegheny County Workhouse for a period not exceeding thirty (30) days.

The intention of Council is that the provisions of this Ordinance shall be severable and that this Ordinance would have been adopted if any such illegal or unconstitutional provisions had not been included.

No. 676

AN ORDINANCE — To provide for the general revenue by imposing a tax upon the privilege of conducting or operating a service or service institution in the City of Pittsburgh as measured by the gross receipts derived from all service transactions; requiring registration and payment of the tax as a condition to the conducting of such service or service institution; providing for the levying and collection of such tax; describing the requirements for returns and records; conferring powers and duties upon the Treasurer; and imposing penalties.

The Council Of The City Of Pittsburgh, Under The Authority Of Act No. 511 of 1965, And Its Amendments, Hereby Enacts As Follows:

Section 1. Title: This ordinance shall be known and may be cited as "The Institution and Service Privilege Tax Ordinance."

Section 2. Definitions: As used in this ordinance, unless the context indicates clearly a different meaning, the following words and phrases shall have the meanings set forth below:

(a) "City"—the City of Pittsburgh.

(b) "Person"—Any natural person, non-profit partnership or corporation, unincorporated association, or any other organization or entity providing service to the general public or any select or limited number thereof. Whenever used in any provision prescribing a fine or a penalty, the word "person", as applied to partnerships, shall mean the partners thereof, and as applied to corporations and unincorporated associations, shall mean the officers thereof.

(c) "Service"—Carrying on or exercising within the City of Pittsburgh medical, educational, social, recreational, vocational, or any other type of service for which a charge is collected.

"Services" shall not include those services which are given free and without fee to the general public or part thereof.

(d) "Institution" — Any organization, corporation, unincorporated association or any other entity, including but not limited to, hospitals, nursing homes, colleges, universities, schools other than elementary and secondary schools, cemeteries, veterans posts and recreational centers and all other organizations, which provide service to the general public.

"Institution" shall not include any political subdivision, any agency of the Federal, State or local government, or any elementary or secondary school within the City of Pittsburgh.

(e) "Tax Year" — the twelve month period from January 1 to December 31.

(f) "Gross Receipts" — cash, credits, property of any kind or nature received in or allocable to the City of Pittsburgh from and Institution by reason of any transaction or any service rendered without deduction therefrom on account of property sold, materials used, labor, service, or other costs, interest, or discount paid, or any other expense.

"Gross Receipts" shall include payments from insurance or other third party payments for the cost of services.

(g) "Gross Receipts" shall exclude receipts subject to the general Mercantile License Tax or the Business Privilege Tax or the Earned Income Tax; payment, income or grants from Federal, State or local governments including the Federal Medicare Program; membership fees, dues of members of the institution; or voluntary or charitable contributions unrelated to individual service.

(h) "Treasurer" shall mean the Treasurer of the City of Pittsburgh.

Section 3. Imposition and Rate of Tax:

Every person or Institution engaging in any service in the City of Pittsburgh beginning with the tax year 1969 and annually thereafter, shall pay an annual tax at the rate of six (6) mills on each dollar of volume of the gross annual receipts.

Section 4. Computation of Gross Annual Receipts:

(a) Every person or Institution subject to the payment of the tax hereby imposed who has commenced his service at least one (1) full year prior to the beginning of any tax year shall compute his annual gross receipts upon the actual receipts received by him during the preceding calendar year.

(b) Every person or Institution subject to the payment of the tax hereby imposed who has commenced his service less than one (1) full year prior to the tax year 1969, or who has commenced his service subsequent to the beginning of any tax year, for such tax year, shall compute his annual gross receipts upon the actual gross receipts received by him during the part of such tax year remaining and on the actual gross receipts of his first full year for the second full tax year he engages in a service, as the case may be. In the case of a service beginning less than one (1) full year prior to any tax year, the average monthly volume of service multiplied by twelve (12) shall be the basis for computing the gross volume of service for the first full tax year.

(c) Where a receipt in its entirety cannot be subjected to the tax imposed by this ordinance by reason of the provisions of the Constitution of the United States, or any other provision of law, the Treasurer shall establish rules and regulations and methods of allocation and evaluation so that only that part of such receipt which is properly attributable and allocable to the rendering of a service in the City of Pittsburgh shall be taxed hereunder. The Treasurer may make such allocation with due regard to the nature of the service concerned on the basis of mileage division of the receipt according to the number of jurisdictions in which it may be taxed, the ratio of the value of the property or assets of the taxpayer owned and situated in the City of Pittsburgh to the total property or assets of the taxpayer wherever owned and situated, and any other method or methods of calculation other than the foregoing, calculated to effect a fair and proper allocation. Every person or Institution who ceases to carry on a service during any tax year shall be permitted to apportion his tax for such

tax year and shall pay for such tax year an amount to be computed by multiplying his gross receipts for the preceding full calendar year by a fraction whose numerator shall be the number of months such person or Institution was engaged in rendering a service during the tax year and whose denominator shall be twelve.

(d) Every person or Institution subject to the payment of the tax hereby imposed who renders a service, temporary or seasonal by its nature, shall compute the gross receipts upon the actual gross receipts received by him during such tax year.

Section 5. Returns and Registration:

(a) Every person or Institution subject to the tax imposed by this ordinance shall forthwith register with the Treasurer and set forth the name, address and the nature of the service activity in which he is engaged.

(b) Every return shall be made upon a form furnished by the Treasurer. Every person or Institution making a return shall certify the correctness thereof.

(a) Every person or Institution subject to the tax imposed by this ordinance who has commenced his service less than one (1) full year prior to the beginning of the tax year 1969, shall, on or before May 15, 1969, file with the Treasurer a return setting forth the name of the person or Institution, the address of the person or Institution rendering the service, and such other information as may be necessary in arriving at the actual gross volume of transactions during the period of operation prior to January 1, 1969, and the amount of the tax due.

(e) Every person or Institution subject to the tax imposed by this Ordinance who commences rendering a service subsequent to the beginning of any tax year for such tax year shall on or before January 31 of the succeeding tax year file a return with the Treasurer setting forth the name of the person or Institution, the service, the address, and such other information as may be necessary in arriving at the actual gross volume of transactions during such tax period and the amount of the tax due.

RESOLUTIONS

No. 1

Resolved, Mr. President, Monsignor Brennan, Judge Brown, Justice Musmanno, elected officials, my colleagues and friends:

At this time, I would like to offer a resolution which will be spread on the minutes and records of this Council, concerning our beloved colleague, Patrick Fagan.

Whereas Mr. Fagan has served as President of City Council for the past six years and over 18 years, served as a member of the City Council of Pittsburgh. Prior to his service on City Council, he was one of the outstanding leaders in the organized labor movement in the Country. In his early years with the United Mine Workers, he was one of the flaming crusaders who brought leadership to a union then in its infancy. He worked for recognition of the men who went down into the bowels of the earth to toil under the most hazardous circumstances and he, did the same toll. One of the early battles with his infant union and the coal operators took place in 1928 and at that time, the coal operators were so financially powerful, it was really no contest between the operators and the infant union and the strike which had been started was eventually broken by the coal operators. At that time, President Fagan spoke the following words which he may remember this morning and are so appropriate, I would like to quote them to you.

"The blade of my sword is broken but I will fight with the hilt in my hand because our cause is just and we must win in the end."

And

Whereas, These words, I believe, epitomize the spirit of our beloved colleague, Pat Fagan. After that defeat, as we all know, the United Mine Workers went on to become one of the most important and one of the strongest unions in this Country.

Pat Fagan has met adversity many times on this earth, and conquered it. After losing his wife, he went on to raise seven fine sons, one of whom gave his life for his Country in World War II.

And

Whereas, On City Council, Pat brought with him his indomitable spirit and in times of adversity, this spirit has lent courage to us all.

And be it

Resolved, That We, his colleagues on Council, are cheered by the fact Pat is remaining with us to serve with us and it is our prayer that God will keep him with us for many years to come and at this time, I move the adoption of this resolution and ask that it be adopted by a standing vote of this Council.

No. 2

It is with profound sorrow that the death of our friend and colleague, George Boxheimer, on Wednesday, December 27, 1967, is recorded.

Mr. Boxheimer was employed by the City of Pittsburgh, for over half a century (58 years). He rose from the posi-

tion of Stenographer and finished this fine career as City Clerk.

George Boxheimer was a conscientious, energetic, and reliable city employee.

In the untimely death of Mr. Boxheimer, we have suffered the loss of a dedicated and energetic employee in the Office of the City Clerk and the Council of the City of Pittsburgh. He will always be remembered for his unselfish devotion to public duty.

Therefore, the Mayor and Members of City Council express their most sincere sympathy to his family in their hour of bereavement.

No. 71

The Mayor and the members of Council of the City of Pittsburgh join the peoples of the world in mourning the tragic, senseless death of Dr. Martin Luther King, Jr., on Thursday, April 4, 1968.

Dr. Martin Luther King, Jr. was born in Atlanta, Georgia, on January 15, 1929, was educated in Atlanta public schools, Morehouse College in Atlanta, Crozier Theological Seminary in Chester, Pennsylvania, and then pursued additional studies at the University of Pennsylvania, Harvard and Boston Universities.

Dr. King earned both a Doctor of Philosophy and a Doctor of Divinity degree from Boston University and began his study of the philosophy of non-violence as found in the works of Ghandi and Thoreau, which has profoundly affected the course of American history.

As a pastor in the Dexter Avenue Baptist Church in Montgomery, Alabama, Dr. King began the work which made him the foremost civil rights leader in the United States and a man of peace throughout the world.

Dr. King dramatized the plight of the southern negro and led the famous Montgomery bus boycott in 1956.

Flanked by black and whites alike, he marched like a modern Joshua against the barricades of racial discrimination and inequality from St. Augustine, Florida, to the last tragic march in Memphis, Tennessee.

In the 1963 Washington, D. C. march he mobilized and integrated the peaceful march of all Americans for freedom.

For this achievement and for his ceaseless non-violent efforts to achieve

equality for his race, he was awarded the Nobel peace prize in 1964. He accepted the prize on behalf of "all men who love peace and brotherhood."

Dr. King's own words convey the meaning of the legacy which he has given to us when he stated:

"This award . . . is a profound recognition that non-violence is the answer to the crucial, political and moral questions of our time—the need for man to overcome oppression and violence without resorting to violence and oppression."

Dr. Martin Luther King was a link between the black and white communities, a man who welded together all men of good will to oppose violence, oppression and injustice.

There are not many men of whom it can be said that their lives changed the world, as can be truly said of Dr. King.

NOW, THEREFORE, Be It Resolved that the Mayor and the members of City Council hereby express their deepest sympathy and condolences, not only to the family and associates of Dr. Martin Luther King, Jr., but also to all Americans, who suffer an irreparable loss by his death; and

Be It Further Resolved, that all the citizens of this City and of this nation must now rededicate themselves to the principles which Dr. King espoused and to the realization of the promise of equality which is the noble dream of America.

No. 115

In this somber time, the hearts of responsible Americans are heavy with sorrow and shame at the tragic death of Senator Robert Francis Kennedy.

We must carry not only the burden of sadness because he is gone, but also the repulsion we hold at the thread of violence which seems to have pervaded our democratic nation.

Death came to Robert Kennedy as he pursued the very principles which are supposed to represent the foundation of government in the United States. His fight was for the dignity and equality of all men. His dream was for peace, in this nation and abroad.

As Attorney General, as Senator, and as a presidential candidate he brought to the public the image of a passionate idealist, endowed with a special gift

that enabled him to empathize with the disadvantaged and downtrodden peoples of the land.

He left behind him unfinished work and unfulfilled dreams. So we must mourn, therefore, not only for the leader we have lost, but for the leader he might have been had he carried on his work.

We grieve also for his family—for his wife, for his children, and for his parents whose burden of sorrow seems almost too great for any family to endure.

It is left to us—to all Americans—to honor Robert Kennedy not only in words of praise and in carved stone, but also in our devotion to those concerns for which he was so zealously dedicated.

Now therefore, the members of Council and the Mayor on behalf of all people of the City of Pittsburgh mourn the loss of this great American.

No. 229

The Mayor and the members of the Council of the City of Pittsburgh join the thousands of friends and associates in mourning the death of Michael An-

gelo Musmanno, Justice of the Supreme Court of Pennsylvania, on Saturday, October 12, 1968.

Justice Musmanno was born in Stowe Township, Allegheny County, Pennsylvania, received an L.L.B. from Georgetown University School of Law, Washington, D. C., a Doctor of Jurisprudence from the University of Rome, Italy, and pursued studies at George Washington University, American University and National University in Washington, D. C.

As a lawyer, legislator, judge and justice, his life was devoted to the law and to the defense of the oppressed and the downtrodden. This devotion was evidenced early in his career, when he carried the appeal of Sacco and Vanzetti to the Supreme Court of the United States, obtaining a stay of their execution; he never ceased to regret that Court's refusal to reverse their conviction.

Justice Musmanno won prominence during his two terms in the General Assembly of Pennsylvania as a champion of labor and an opponent of the Coal and Iron Police. His book "Jan Volkanik," and the movie "Black Fury" based on this book, brought strong public pressure on the Legislature, compelling quick reform of this practice.

Justice Musmanno had an internationally distinguished career as a jurist. He served as Judge of the County Court of Allegheny County from 1931 to 1933, and was then elected Judge of the Court of Common Pleas of Allegheny County, a position which he held until his election as Justice of the Supreme Court of Pennsylvania in 1951. He served on the Pennsylvania Supreme Court for 16½ years, until his untimely death. In addition, he served as naval observer, as a Judge and as a Presiding Judge at the War Crimes Trials at Nuremberg, Germany, following World War II.

Justice Musmanno had a distinguished World War II, rising to the rank of military career in World War I and Captain in the United States Navy. He served as Naval Aide to General Mark W. Clark, commanding the Allied armies in Italy, as Military Governor of Italy, and as President of the United States Forcible Repatriation Board in Austria.

The son of an immigrant coal miner and railroader from Italy, Justice Musmanno always remained true to the homeland of his parents and was, at the same time, a devoted champion of the land of his birth. His intense patriotism and his ceaseless battle against foreign ideologies exemplify a characteristic too often lacking at the present time.

Justice Musmanno expressed his devotion to justice, his dislike of privilege, his love of America, and his passionate zest for life in a colorful, often poetic, rhetoric, the like of which may not soon be heard again. He once expressed his philosophy thusly:

Opportunity in America, however, does not mean climbing with escalator ease. America withholds her rewards from the slothful and the easily discouraged, but she is always ready to recognize those who fling themselves with full heart into the never ending crusade to make our country even greater; it constantly remembers with affection those who work and fight to right inequality and correct injustice; it never ceases to bestow the accolade of a nation's gratitude on those who carry oil to the lamp of democracies, so that it may never dim its vigil over a free and God-fearing people.

He leaves behind him an unexcelled record as an attorney, legislator, jurist, author, and, not the least, human being.

Therefore, the Mayor and the members of the City Council express their deepest sympathy and condolences to the family and friends of Michael Angelo Musmanno in their hour of bereavement.
